SAPPHIRE INTERNATIONAL AVIATION ACADEMY

OUR FLEET

Sapphire International Aviation Academy operates a well-maintained and reliable fleet of training aircraft, ensuring safety, efficiency, and quality in every flight training experience.

3 CESSNA 152

1 CESSNA 172

1 PIPER SENECA PA-34

OUR AMENITIES

We offer a well-equipped and student-friendly training environment, ensuring comfort, efficiency, and smooth flight operations throughout the training journey.

TRAINING & ACADEMIC FACILITIES

- Modern Classrooms
- Dedicated Exam Room
- Fully equipped Briefing Room
- Library for aviation reference & self-study
- Simulator Room for instrument and procedural training

STUDENT ACCOMMODATION

STUDENT FACILITIES

- Comfortable Student Lounge
- Clean and hygienic Cafeteria

OPERATIONAL & ADMINISTRATIVE FACILITIES

- Staff Working Area
- Meeting Room
- Conference Room
- Flight Operations Room
- Dispatch Office

SAPPHIRE INTERNATIONAL AVIATION ACADEMY

PROGRAM HIGHLIGHT

1st Month

- Class 2 / NBI Medical Certificate
- SSP & SPL
- Start of PPL Ground Training

2nd Month

- Completion of PPL Ground Training & Exams
- Start of PPL Flight Training
- ELP & NTC Exams

3rd Month

- Issuance of NTC & ELP Certificates
- Completion of PPL Flight Training
- CAAP PPL Examination
- CAAP PPL Check Ride

4th Month

- CAAP PPL Check Ride (Completion)
- Start of CPL Ground Training
- Issuance of PPL License

5th Month

- Completion of CPL Ground Training & Exams
- Start of CPL Flight Training

6th Month

- Class 1 Medical
- CAAP CPL Examinations

7th Month

- ✓ IR Ground Training & Exams
- ✓ Completion of CPL Flight Training

8th Month

- ✓ CAAP CPL Check Ride
- ✓ Issuance of CPL License
- ✓ Start of IR Simulator Training

9th Month

- ✓ Start of IR Flight Training
- ✓ Start of Multi-Engine (ME) Ground Training
- ✓ CAAP IR Examination

10th Month

- ✓ Completion of IR Flight Training
- ✓ CAAP Multi-Engine Exams
- ✓ Completion of ME Simulator Training

11th Month

- ✓ Start of Multi-Engine Flight Training
- ✓ CAAP IR & ME Check Ride
- ✓ Issuance of IR & ME Endorsements

TRAINING PROGRAM PACKAGE INCLUDES

- ✓ Epaulette
- ✓ Pilot Wings

OTHERS (INCLUDED)

- ✓ Complimentary transportation from airport to accommodation
- ✓ Shared accommodation with food breakfast, lunch and dinner (Electricity & Wi-Fi charges are excluded)

SAPPHIRE INTERNATIONAL AVIATION ACADEMY

ABOUT US

Building Professional Pilots Since 2004

WHO WE ARE

SAPPHIRE INTERNATIONAL AVIATION ACADEMY (SIAA) was established to meet the growing global demand for highly trained aviation professionals. Based in the Philippines—one of Asia's leading destinations for flight training—SIAA attracts aspiring pilots from across the world, including India, Indonesia, Nepal, South Korea, the UAE, Qatar, Saudi Arabia, Kuwait, Egypt, Nigeria, and many other countries.

With English as the primary medium of instruction, internationally accepted training standards, and a strong aviation ecosystem, the Philippines offers an ideal environment for future airline pilots.

THE FUTURE OF AVIATION

The aviation industry is currently navigating one of its most critical periods, defined by a significant, structural gap between the global demand for flights and the supply of qualified aviators.

According to major industry forecasts by organizations like Boeing and Oliver Wyman, the pilot shortage is peaking in 2026 with a global shortfall of **approximately 24,000 pilots**. This isn't a temporary blip—estimates show a structural deficit that will remain above 17,000 pilots well into the 2030s.

Long-term forecasts state that the global commercial aviation ecosystem will require **660,000 new pilots** over the next 20 years (through 2044).

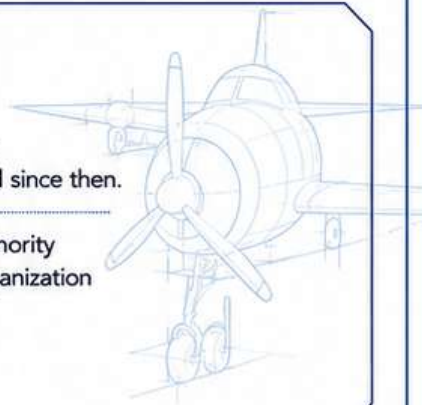

THE SCHOOL

SAPPHIRE INTERNATIONAL AVIATION ACADEMY, a private Philippine non-stock corporation principally engaged in providing pilot training or students desiring to embark on a career in aviation or just for pleasure, was organized and established in 2004 and has been operating as a flying school since then.

In 2004, SIAA was granted its original Air Agency Certificate No. 2004-04 by the Civil Aviation Authority of the Philippines (CAAP). This was renewed by the CAAP by its issuance of Approved Training Organization Certificate No. 2013-01 in February 20, 2013, after a very meticulous audit inspection.

In 2014 and the succeeding years, the ATOC was renewed with a validity of three (3) years. Last March 2023, it was again renewed with another 5 years validity.

**ESTABLISHED
2004**

Building excellence in
pilot training since 2004.

**INTERNATIONAL
STUDENTS**

Welcoming aspiring pilots
from around the world.

**CAAP
APPROVED ATO**

Approved Training Organization
recognized by CAAP.

**GLOBAL
PILOT TRAINING**

Shaping future pilots for
a global aviation career.
